

THE INTERGENERATIONAL TRAUMA TREATMENT MODEL

A VERY SPECIAL WEBINAR EVENT

SAVE THE DATES

Thursday, December 3rd, 2020 4-6 pm

OR

Sunday, December 6th, 2020 4-6 pm

Topic: Breaking the Cycle of Intergenerational Trauma (www.theittm.com)

Cost- \$40

Approved CEC Credits:

Participants will be introduced to tools and strategies to address the intergenerational cycle of trauma with adults, children and youth. Specifically the ITTM redefines the caregiver's role in the treatment process, securely leads them back to their own unresolved trauma impact histories, and then guides them to become the best emotional and mental health support for their child.

Presenters— Valerie Copping, Psy.D. Author, Developer (ON, Canada) & Uriel Stephens, MSW, Director, Family Services, Easter Seals (MI, USA).

Valerie is the author of *Re-Circuiting Trauma Pathways in Adults, Parents, and Children* (Routledge, 2018), a foundational work on intergenerational trauma treatment for children and adults. She is also the developer, lead trainer, and clinical consultant for the Intergenerational Trauma Treatment Model (ITTM) program.

To learn more about the ITTM and register for the Webinar click here www.theittm.com and then click on Webinar Registration link at the top of the Main Page.
